Table 1: The Accuracy(%), Precision(%), Recall(%) and F1-scores(%) results on SC-Clickbait. 1000/5, 2000/10, and 4000/20 denote the training number of not-prompt-tuning(CNN, LSTM, BiLSTM, BERT, RoBERTa, UNIFIEDM2, CVM and MFWCD-BERT) and prompt-tuning (PT, KPT, and our PT-CD) methods. The bolder ones mean better.
